“ Warm summer evenings sitting in the dark living room playing Art Laboe's oldies on the the new stereo system he bought with money earned by his own hard work. Me playing outside as a kid playing baseball in the street with my friends from the neighborhood while he watched leaning over the brick wall outside our house. A simple hard working caring man that ALWAYS put his family first and nothing else mattered. Sitting on his lap in his 1972 Nova as he gets home from work opens the gate to the house and lets me turn the steering wheel like im driving the car. We can all learn a lot from my dad i only hope you can rest easy knowing your family is in good hands apa. Things just aren't the same anymore the laughs aren't as cheerful food doesn't taste the same... Rest In Peace apa i love you

“ I work in the office at Whitmore Steel, where he worked. I always enjoyed trying to make Marco laugh or smile because he was always so quite and kept to himself. I tried to make work a little fun. Marco was a hard worker and never complained about anything. I loved seeing him and his wife together at our Christmas parties, they were so cute together and seemed to be very much in love. Marco will be missed, but never forgotten. My heart goes out to his beautiful wife, kids, family & friends. God Bless you all.

“ I remember him coming over and my grandma showing him all her plants. You should have seen how happy it made her for him to do that with her. One of the most kind men I have ever known who would always put his family before anything.

“ My family lived across the street from Marcos and his family we became really close Danny and I played out side almost everyday and Marcos would come outside and lean on the block wall and watch us play for a while then go inside. Marcos was a man of few expression but every now and then he would bust out in laughter. My condolences to the family.. Much love and respect from the Aranda's.. You will be missed

“ His family was his life, I remember when I gave him my 1972 Nova so he could go on dates with Guillermina Escalona, he then married her and loved his family with everything he had, such a wonderful, caring, loving, honest man. I will always love you and miss you baby brother.

“ I admired how he was a loving, caring man who did his job no matter what. I also remember how he took care of us when we were little and how he took us to many places and we had lots of fun. I also admire how much he worked for our family and even though he past away I know that he loves me and I love him very much.

“ I remember the good old days when my father would take us to J St Marina in Chula Vista. There we would park the 1972 Chevy Nova. We went there to fly kites, eat Vanilla Wafers, drink Coke, and listen to Michael Jackson. Times like that, I will never forget. Miss you Pop's.
