“ *Very sorry to hear of Auntie Ann's passing. I have many fond memories of visiting with her and the family over the years when we lived in Hawaii, and Marina. She was an awesome cook, and always brought happiness to our gatherings!*

“ *I was 16 years old when I moved to California to live with Uncle Pete. I always looked forward to the long weekends because Uncle Pete would drive us to visit Auntie Annie and Auntie Patsy. She would always have a nice spread of Chamorro food prepared for us. She knew that I was still adjusting to being away from home so she made sure I was comfortable. She was so loving and caring. I'm sorry we are unable to attend her services but we will be with you all in love and spirit.*

“ Amazing woman, loved listening to her stories about growing up in Guam. Her encouragement to my kids to always love and respect each other .. and how she wanted them to grow up to be teachers! We will cherish the memories and the great recipes she shared.

“Sad to hear of my Nina's passing. As a child, I always looked forward to the family visiting us in Marina around New years. I have comfort in knowing that my Nina is no longer on pain. I'm sure there's a glorious reunion in heaven with my Nino. Sending love and prayers to my cousins.

“Take care of yourself and love your family!” That’s what Grandma always said whenever we were saying our goodbyes after a visit. No matter the occasion Grandma always made amazing food. My secret favorite was when she would make Rum Cake for my especially on my birthdays (all before 21) and she would always say “don’t tell your mom!” A trait or habit I picked up... I rub my feet together like she did all the time! Grandma will be greatly missed as she was the cornerstone of our family!
Hi Guaita Hoa Nanan Biha! ❤️

“I remember grandma sitting in her chair, always watching soap operas on the TV and rubbing her hands together. Sometimes dad gave her feet rubs when they were hurting. She always made amazing food in the kitchen, too. I remember in grandma & grampa’s last place, grandma had made sweet rice cake with coconut or something like that, it was a gelatinous dessert. I’m not a huge coconut fan but it was delicious. My last conversation with grandma was about cooking, too, as she gave me instructions on how to make chicken with lemon juice and other things. I’m happy that she was so happy to talk about it and I’ll always cherish our last moment together. ❤️
