

Clinton Dale Cable

November 13, 1958 - April 14, 2025

Clint Cable, age 66, passed away quietly at his Spring Valley home, surrounded by his family, on the morning of April 14, 2025. He fought a hard fight against a very aggressive prostate cancer battle that lasted a little over a year. It was quite the coincidence that there was an earthquake that rattled San Diego County shortly before his passing. Leave it to Clint to let us all know he was going home to meet His Lord Jesus!

Clint was born and raised in San Diego, California. He graduated from Mt. Miguel High School in 1976, and enlisted in the US Navy that same year. He served for 6 years as a sonar technician aboard the submarine, USS Permit 594. He married Laurie Larson in 1995 and they had just celebrated their 30 year wedding anniversary in February. He is survived by his wife Laurie, and their 11 children: Caleb-29, Christian-27, Carissa-25, Cierra-22, Catelyn-20, Candice-18, Carley-15, Caylee-13, Cassidee-11, Clark-8, Carson-5. He is also survived by his brother Casey Cable and special needs brother, Cody Cable, who since the passing of their mother Norma (aka Dixie) Cable, has been taken care of by Clint and Laurie. He is predeceased by his Father Leonard Cable, Mother Norma (Dixie) Cable, and brother Colin Cable.

Clint worked as a contractor for his own business, Cable Technologies, along

with son, Christian. He had many hobbies, a wonderful sense of humor, and deeply loved his family! He was hardworking, inventive, a craftsman, jewelry maker, tinkered on clocks, enjoyed barbecuing and smoking meats, making bacon and sausage, enjoyed racing miatas with son Christian, he loved American muscle cars, volunteered for over 20 years at AWANA sharing the Good News of Jesus to children, served in his church as an elder and chairman, a member of Gideons International for over 30 years, he was creative and full of integrity, a truth seeker, loved his country but above all loved the Lord Jesus with all his heart, he put others first and truly cared for people. Clint used to say when he died he was going to live on a cul de sac next to Mary See (Sees Candy), Herman Lay (Lays Potato chips), Stuart Anderson (Steak company), and Peter McIntosh (Tillamook founder)!

“ *Clinton Cable, Much More than a friend. One of San Diego's best general contractors. I can't say enough great things about this man. You will be missed my friend. My last memories with Clint was visiting with him on his front porch of his home. First we would catch up and update each other with our projects we had in progress. Then our conversation would naturally continue with whatever we had going on at the moment with family. The world would most definitely be a better place if we had more beautiful warm hearted people like Clint.*

“ Clint was one of the best men I’ve ever known. He lived his faith, he so loved Laurie and his family. He was honest, and talented beyond description in his work. He was quick witted, and had a great sense of humor.

I met Clint and Laurie when there were only four little Cables, and Cierra was in an infant seat! With each baby, 5 through 9, they would come over during the first two weeks and let me hold them (the babies, not Clint and Laurie,) and cuddle them, and have my “baby fix.”

He was at our house so much during the past 20+ years, my husband started calling him my boyfriend, and his dependent. Such a fine man, we will truly miss his friendship, guidance, and teachings.

“ The whole Cable family is a tremendous blessing to me. An amazing family that serve the Lord together no matter what, with such joyfulness and willingness. That to me is a reflection of the great spiritual leader the Cable family had in their father and still have in their sweet mother. Always joyful and smiling, despite so much painful suffering. Clint was an awesome inspiration and a tremendous encourager to me personally and support to the ministry in Brazil. His love for missions was poured out in his care for pastor Wilton and family who serve in the back country of Brazil. This family is forever grateful to Clint and Laurie's partnership in their ministry. Clint will also be remember for his fun personality and keeping the whole Chapel family in good spirits. His legacy continues on. He is deeply missed by all. Thank you Clint and Laurie for your beautiful life testimony and love to me. I just regret not being able to be there on Saturday, May 10th. With much love and appreciation. (Ruthie Burton)

“ January 7th 1994, a young man and his girlfriend were at the employment development office in El Cajon filing some papers. The young man recognized a fellow that he knew from his youth. He felt a tug at his heart from the Lord, and approached the fellow, calling him by name. The fellow looked up and the young man introduced himself. The fellow remembered him. The young man asked the fellow how he was doing. Broken, the fellow was honest and said he wasn't doing very well. That's when the young man said, "maybe you need the Lord." The the fellow looked him in the eye and responded with, "that's it, I think you're right." I believe at that very moment something supernatural happened. The fellows life was about to change more than he ever imagined.

Well that young man and his girlfriend was Clint and Laurie, the fellow was me. I have now been a follower of Christ for 31years. I will always be grateful that Clint listened to the Lord that day. I will never forget the man that pointed me to Jesus.

Blessings my dear friend and brother. Until we meet again.

“ Last couple of years I was just getting to know Clint, as brothers in Jesus in Mission Valley Community Chapel. We just naturally gravitated together in our love of Jesus and as worker guys in the construction trades, but mostly our passion for classic cars. I knew some of Clint's long time membership in the church and that really inspired me. A regular guy's guy yet his big family and heart for service to others. Such a magnetic personality with a great sense of humor. Was looking forward to getting to know him better. I especially treasure a recent time at church where Clint drove my vintage Ford truck around the neighborhood. As I recall, that may have been one of the last times I saw him. But we texted and shared car pictures til his very last day. I can say I loved that guy and I look forward to being of whatever service I can to his precious family. He said he would do his best to save me a place in Heaven if he got there first. It's been a blessing and a privilege to have known him.

“ Clint was so witty and funny! I could always count on lots of laughter when I was around him! Will always treasure our Sunday lunches together with him and the family where we discussed all the world's problems and still found things to laugh about! Will miss him so much! Our love and prayers for his dear family!

Clint's mother was my friend. I met Clint later. A few summers ago my husband and I were in parking lot CostCo. Clint spotted us. He came flying over to greet us. Lifting me off my feet! I ask him what he was doing there. No Laurie in sight. He told me he was going to get a HOTDOG! I started to chew him out that he had no business eating HOTDOGS after having had heart surgery. I was coming on strong! He gave me the look of 'Don't Start'. He headed toward the food court...waving to me over his shoulder! That was the last time I saw him. May he rest in peace.💔
