TM

Michael, never thought I'd say goodbye so soon to my baby brother. I know you did your best trying to take care of our mom. We miss you. Rest easy and we'll see you soon. Love sis

CL

Mike I never realized just how much I miss you and love you. You were my very best friend and now you're gone. My heart is broken in hundreds of pieces. I can't seem to get it together without you here. You were so intelligent, beyond your years and I miss doing a lot of things with you, going to the beach and walking the dogs, eating, watching movies together. So many things. God needed another angel and he got you. I love you and I miss you beyond belief. Rest In Peace my very best friend. All My Love, Christine Lowe

MI

I met Mike when we were both 15 at Southwood, going through some tough times. We were locked up together and we clicked, and I found out I really loved him, for my whole life. I lost touch with him but never forgot him, and was really sad to find that he passed after searching for him over the years. Mike, you were the greatest friend I ever had in my life. The greatest memories of you. See ya on the other side Brotha!! LOVE YOU ALWAYS AND FOREVER.
