“ I'm so sorry to hear of Jeff's passing, as I just heard about it. My upmost condolences to all friends and family! I worked with Jeff on multiple projects both as a customer while working for Bally Systems and as a co-worker while with CET. I never saw him get mad and we never went hungry either.

We worked on multiple upgrades and conversions together. The most memorable was the LA Downs, where we had spent so much time and made so many trips, I thought we felt like we lived in that state!

I'll never forget the crash-course i gave you on the server/hardware swaps 16 years ago on my last day at CET all while I was sick. Yes, Jeff you will be missed, but the memories will live on forever!

“ My condolences to Jeff's family, friends and colleagues. Although I worked with Jeff for only a couple years at Caesars (PMO), he had that Midwest get-it-done attitude that I appreciate. R I.P. Jeff.

“ I had the pleasure of working with Jeff for over 35 years at Harrah's and Caesars. From his early days as a Rewards Supervisor in Lake Tahoe to his key role at corporate helping to grow the company. I really miss him. Jeff was always working the new property openings and formed a bond with the local slot technician teams. One of the things I enjoyed was traveling to properties with Jeff and seeing these big burly guys come up and hug him. Clearly he left a mark on his coworkers and built bonds forged in the fire of new property openings. Sometimes when I visited properties, I would drop his name to get cooperation from the local team.

I really counted on his expertise.

Jeff, I'm sorry you'll miss out on the retirement you were looking forward to.

Rest in peace.

“ I’m devastated to lose one of my best friends. We talked on the phone frequently, outside of work hours – about anything and everything. It was rare for us to get off the phone before an hour of time had flown by. My kids referred to Jeff as my ‘work husband’. I couldn’t tell you the number of times that he would tell me that he had been talking to his daughter and told her he had to go because he I was calling. LOL He gave selflessly and was so encouraging and a mentor to many.

Jeff, I’m saddened that you are not living out your retirement plan. You are going to missed dear friend. May you RIP.

Jeff was a wonderful cousin to have around on summer vacation in Sauk Centre as kids. Colettas cabbage patch always remained my most cherish memory of the 2 of us getting into trouble. I never look at cabbage without giggling about our garden crusades. May all your memories of this loved one be as precious. Cousin Ann.
