“ *My condolences to the family of Tony Montaño. I know Tony was a very nice person. Tony accompanied my sister Susan and I to Fresno one day back in the 1980's so I could go school clothes shopping at my favorite store called wavelengths surf. Thank you Tony for going with me and my sister to Fresno the day I got to shopping for clothes. May God bless the family of Tony Montaño.*

“ Dear Montano Family, I offer my sincere condolences and deepest sympathy for the loss of your son/brother/father Tony Mo. I hope the many messages on this memorial site, provide you some comfort in knowing that your loss is felt by many.

Your son, Tony, was a great friend and funny person. He brought so much love and laughter to my life he will never be forgotten. We were in contact over the last four years and I am glad that we reconnected. Tony inspired me to take a different direction in my life, for that I am forever grateful. We spoke and/or texted often, I miss our conversations however I still feel his presence and know that he hears my prayers.

Tony and I had a love for music. I remember when we were young living in Mendota, I told Tony that the lyrics of song mean everything. We would park at the Pool Park and listen to oldies all night. When we reconnected, he remembered that conversation and reminded me of all the good times we had together. I will always remember the times we spent joking and laughing together.

My prayers and thoughts are with you and your family, with hopes that it helps you to know how much I care.

My sincere condolences,
Lajeana Shoffner
