My boy Rey, My sincere and deepest condolences to you and your family. My wife and my sons and baby share the sorrow with you. Although I never had the pleasure in meeting your mother, I am sure she was proud to have a stand up son as yourself. You are a great dude thru and thru. A reflection of your mother im sure. Hang in there and please know we are here to help out in any way. Sincerely The Vargas Family.

I am proud to say my mom was a rocket scientist. A very intelligent and independent mom, very dedicated to my kids, her pride and joys, I thanked her for raising them as Herbert own, I couldn't have done as good a job as she did, I thank you mamma for being home plate for them. They know there's nothing a woman can't do, you did it all! God bless you and you will be truly missed by me and your 3 grandkids, you expanded our horizons and know there's a lot of life to live! I live you Esther, your olive oyle, skinny Minnie serena bye mamma

*Esther was my friend from Our Lady of Guadalupe School Days continuing through Secondary Education, even though we both went to different High Schools. There were visits to my house or hers, talking on phone, sharing our teenage dreams and music. As we progressed onto adulthood we lost contact with each other only to be reunited a couple of years ago. Once again engaging in conversation via phone, sharing our personal stories, doing a lot of catching up. We were constantly planning to meet over lunch, that never happened. I value all the phone calls we had. She was a good and hardworking woman who loved her family very much. The last time I saw her was High School, but my last conversation with her via phone was the beginning of last month which ended with an " I love you and will pray for you" I am grateful for that. RIP My Friend Esther!
